

Request for Feral Kitty Assistance

I, _____ have asked the Feral Kitty Committee to assist me with cats that I have found to be feral.

1. I have, to the best of my ability, ascertained that these cats do not belong to anyone.
2. I also believe them to be feral and that they are not domesticated animals.
3. I agree that a member of the Feral Kitty Committee will be allowed to visit the area to observe the cats and determine if they are feral.
4. I also understand that the left ear of all cats in this program will be tipped. Refusal on my part to let the ear be tipped will void the voucher.
5. I agree to trap and transport the above animals to the veterinarian as instructed.
6. I understand that the veterinarian to whom I am sent will turn away any domesticated (pet) cats and that as a result all vouchers that were given to me will be void.
7. I also agree that I will care for the same animals in a humane way for the duration of its life. If for some reason I am unable to do so, I will contact the Feral Kitty Committee.
8. I also understand that the Feral Kitty Committee is a non-profit organization and is publicly funded. At some future date, when I am able, I will try to make a donation to the committee.
